PROFILE

I am a dedicated and highly motivated third-year Computer Science student with solid programming, problem-solving, and software development abilities. Looking for an internship to put academic concepts into practice and gain real-world experience.

RELEVANT EXPERIENCE

Computer Science Student

- Collaborated on a project for the Bank of Cyprus, contributing to the development of a web application.
- Designed and built a full-stack website for a major class project, implementing both front-end and back-end functionalities, enhancing skills in web development and database management.
- Developed a strong foundation in software development, algorithms, and data structures through coursework and academic projects.
